Online Safety Centre

Learn how to:

- Set your Privacy and Safety Settings
- Block and Report users

Resources

Safeguarding classroom & homework resources including:

- Mapping your school's digital footprint
- Safety Setting Audits
- Posters
- Printables
- Videos

Safer Schools App

The info you need, where you need it, when you need it – in your pocket.

- Pupils, parents/carers & staff access to credible contemporary information.
- Age Appropriate resources.
- CPD courses for school staff.
- **Communicate through push notifications.**
- **Advice & signposting.**

Safeguarding in a Digital Age

The App covers all aspects of safeguarding children & young people in the context of their lives & their access to technology & use of social media.

Pupils, parents & carers as well as teachers & staff have access to content created specifically for them.

School Admin Portal

Schools can monitor, evidence & audit training as well as send push notifications & alerts to teachers, staff, parents, carers and pupils.

Keep Up-to-Date

We stay alive to emerging trends to ensure all info and advice is up-to-date.

Parents & Carers are not left out!

They have the opportunity to build their knowledge and confidence in their own digital parenting skills.

Whether their children are in primary or secondary schools, specialist content will help them make their home safe, their child's device safer and empower them to deal with some critical issues linked to online behaviour and risk.

Digital Parent and Carer certificates are awarded throughout the school year.

Pupil Engagement

Interactive and engaging course content which is easy-to-access, simple to understand and intuitive to use. Pupils complete their own digital certificate tests, on the basic 'Need to Know' online safety principles. Followed by age appropriate courses on issues linked to image sharing, bullying and how, when and from whom to seek help.

In-App CPD Accredited Training

- Appropriate Use of Social Media & Safeguarding level 1.
- Mental Health in Schools.
- Preparing for Inspection by Evidencing Impact.
- Radicalisation & Missing.
- Absence & Non Attendance.
